4. Due to the peculiar nature of the activity of this Division and as proposed by [REDACTED], a deviation from the published Manual on FY-1960 Allotment Symbols has been made from the sixth through the eighth digit. Digits 6 and 7 identify the Major Activity or Allotment and Digit 8 identifies a sub-unit of a major activity.

5. A further deviation is made in that it is proposed that Digits 10, 11 & 12 be used to identify Cost Centers which will be assigned to each contract or activity.
